

**5530.2 – VOLUNTARY STUDENT RANDOM ALCOHOL AND DRUG TESTING  
(GRADES 7 – 8)**

The Board of Education recognizes that the problem of illegal drug and alcohol use presents a continuing challenge in its schools and a clear danger to the pupil population as a whole. The district's commitment to maintaining a safe and secure environment requires a clear policy and supportive programs relating to the deterrence of substance use by pupils.

The Board of Education directs the Chief School Administrator to implement and conduct a program of random drug testing of pupils who voluntarily elect to participate in the program with parental consent. Eligibility shall apply to the entire academic year. The Principal or his/her designee shall oversee the policy and procedure.

Design of the program shall be consistent with the Board of Education's objectives, which are as follows:

- Promote safety;
- Deter drug use, thereby countering peer pressure which may encourage indulgence;
- Promote an orderly learning environment; and
- Encourage and invite voluntary testing.

Primary emphasis in administering this program shall be directed toward deterrence and remediation rather than punishment of pupils who test positive for alcohol, non-prescribe medications, illegal drugs or their metabolites. Corrective action shall be designed accordingly. This policy and its implementing regulations shall be made available annually, at the beginning of the school year, to all school employees, pupils and parent(s) or legal guardian(s). This policy is NOT intended to be disciplinary or punitive in nature. No pupil shall be suspended or expelled from school as a sole result of any verified positive test conducted by the school under the Random Drug Testing Program.
