September 2016

Dear Parents/Guardians,

As you may know, neither hospitals nor physicians will treat a minor without parental permission. We hope to have few situations of this sort. Nevertheless, we have been experiencing an increased difficulty in locating parents of children who are ill or injured at school.

The parent is responsible for care of their child and while we can and do provide First-Aid, we cannot provide care beyond this without the presence of the parent. If both parents are employed or otherwise unavailable during the day, they must arrange for some other adult to be responsible for transporting and caring for their child who becomes ill.

May we remind you to be sure your child is feeling well when he/she leaves for school in the morning. This saves parents, child and school undue concern.

Please fill out the on-line InfoSnap forms under the parent portal on our website as soon as possible. No paper forms will be utilized this year.

Sincerely,

Arthur DiBenedetto  
Superintendent of Schools
