HOUSE CHARITIES®
GREATER CINCINNATI

RMH PULL TAB COLLECTION

As a community service project, myself (CJ Ziabakhsh) & the Vernon Twp School District will be collecting Pull Tabs to donate to the Ronald McDonald house of Cincinnati, OH. We're helping keep families together when it matters the most, and we're teaching our Vernon Twp School District students and employees the value of recycling! Anyone can bring tabs to Vernon Twp High School, in any non-breakable container to be collected by myself and my family. We will be heading back out to Cincinnati in the New Year, for my little brother (Darius') appt's with his surgeons and would love to arrive at the Ronald McDonald House with as many pull tabs as we can carry in our car!

Just a little back story...my little brother, Darius Ziabakhsh, was born with a plethora of medical conditions and has had 10 major surgeries, in his 9 years of life, and over 30 procedures that he had to be put to sleep for. Unfortunately, there is no 'cure' for his conditions/diagnosis', but he continues to be strong and fight his daily struggles, with a HUGE smile on his face. When we head out to Cincinnati Children's Hospital, we are so lucky to be able to stay at the Ronald McDonald House of Greater Cincinnati and we are so appreciative of that! Although Darius goes through many struggles, walking into the RMH of Cincinnati feels like 'Home' and makes my brother so happy to be there, which means the world to our family. We can play with friends there, and have home cooked meals that volunteers come to cook. We also get to enjoy so many different activities that the House sets up, including Zoo night, Ice Cream Social's, Bingo night etc.

Raising Pull Tabs for the RMH of Cincinnati is the LEAST we can do, to give back, so we would appreciate as many pull tabs as you can find. Please make sure they are packaged in an un-breakable container, so it does not break on the 11 hours car ride there. Thank you so much, in advance, for all your efforts and please know that you can drop them off at whatever school your child goes to and they will courier them to the High School, as well, if that's easier. Thanks again and start collecting!
