October 29, 2018

Dear Parents/Guardians:

Our district is excited to again offer kindergarten and first-grade students, along with their parents, the opportunity to attend **Family Math Night on Tuesday, November 13, 2018**, from 6:30-7:30 pm, at Cedar Mountain Primary School, in the cafeteria.

Our *Math in Focus* program is based on the concept that teaching math is a three-step process from the concrete, to pictorial, and then to abstract. In addition, the program emphasizes the importance of problem-solving. On Family Math Night you will participate in activities utilizing this approach. The evening will begin with a parent information session while students are engaged in math activities. At the end of the informational session, parents will join their children.

Please sign up for this event by going to the vtsd.com website, click District, and under Departments click Math. From there you will be able to find the registration link. If you do not have computer access and would like to register, please contact Laurie Nelson or Vinny Gagliostro at 973-764-5514. Registration will be open until November 12, 2018. If you should register and become unable to attend, please email vtsdmath-coaches@googlegroups.com. Let's work together to foster a positive educational experience. We hope to see you on November 13th for an enjoyable and informational session!

Sincerely,

Russell Rogers, Supervisor of Mathematics

Laurie Nelson, Math Coach K-3

Vincent Gagliostro, Math Coach 4-7
