September 2014

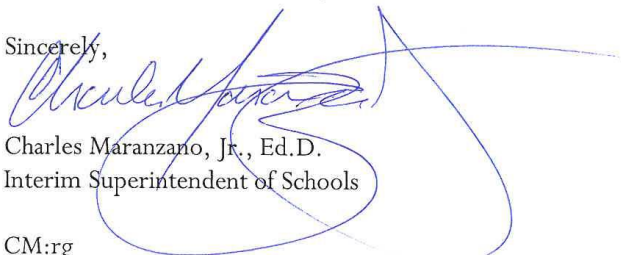

Dear Parents and Guardians,

During the 2014/2015 school year, your child will be involved in a variety of activities coordinated by the principal, guidance counselor, and/or student assistance counselor. These activities are available to all students through individual and/or group discussion.

Topics may include self-esteem, coping skills, decision making, alcohol, tobacco, and other drug abuse, peer relations, as well as programs for new students. During the school year, your child may be involved in the use of the computer networks and the use of the Internet for educational purposes. For additional information on this topic, please refer to the school's student/parent handbook.

If you have any questions about the guidance program, the computer networks, the use of the Internet, or you do not wish to have your child participate in any of these activities, please contact the principal of your child's school.

Sincerely,

Charles Maranzano, Jr., Ed.D.
Interim Superintendent of Schools
