## M. Accountability Requirements

### 1. Point of Service Counts

All claims for reimbursable meals or milk must be based on daily counts, taken at the "point of service," which identify the number of meals or milk served by reimbursement category. "Point of service" is defined as that point in the food service operation where a determination can accurately be made (at the time and place the meal or milk is served) that a reimbursable free, reduced price, or paid meal or milk has been served to an eligible child.

### 2. Local Level Requirement to Review Schools and Claims

a. Every school year, each Sponsor with more than one school shall perform at least one on-site review of each school under its jurisdiction before February 1 of each school year. If this review discloses problems with a school's meal counting or claiming procedure, the SFA shall: (1) ensure that the school develops and implements a corrective action plan; and (2) within forty-five calendar days of the review, conduct a follow-up on-site review to determine that the corrective action resolved the problem. Each on-site review shall ensure that the school's claim is based on the counting system authorized in the Policy for Free and Reduced Price Meals and the Agreements with the Department and that this system, as implemented, yields the actual number of reimbursable free, reduced price, and paid lunches served for each day of operation.

b. Prior to submission of a monthly claim for reimbursement, each sponsor shall compare each school's daily claim against data which will assist in the identification and correction of the claims in excess of the number of reimbursable free, reduced price, and paid lunches actually served that day to children eligible for such lunches. Such data shall, at a minimum, include the number of children currently approved for free and reduced price lunches in that school, and, for every month except September, the average daily number of free, reduced price, and paid lunches served for the preceding month.
