**Join the Viking Club for 2018-2019**

The Viking Club is the official booster organization for the Vernon Township High School athletic program. During the course of the school year, more than half of our student body of 1,019 students will be involved in some phase of our athletic program. **If every parent paid their \$10.00 membership we could raise over \$4,000 for our athletes - so simple!**

Today more than ever, young people need to know that adults are interested in what they do. As responsible adults, we should strive to support healthy, wholesome and worthwhile activities for our young people, such as our interscholastic athletic program. We encourage all parents of student athletes to become involved -- our goal is to get more parents actively involved this year so please fill out the volunteer form below!

To date the Viking Club has been in existence for 41 years and has contributed more than \$315,000 for the purchase of athletic equipment, video cameras, scoreboards, showcase, trophies, VCR's, weight equipment, and portable generators. In addition, during the 2015-2016 school year, twenty one athletes were awarded \$500 scholarships and two were awarded \$750 Gary Sparta Scholarships.

You can help support these activities and objectives by joining the Viking Club. We meet in the faculty dining room located in the high school cafeteria on the second Monday of each month at 7:00 pm and we invite you to attend and participate in our activities. We urge you to support this worthwhile organization. Membership contribution is \$10.00 per family.

Last year we started a new advertising program. We are selling plastic signs to be placed on the concession stand at VTHS. These signs will be displayed all year long. If you are interested in purchasing a sign, or learning about this great advertising program and need more information just ask one of our officers.

\_\_\_\_\_ **I would like to purchase a sign to be placed on the Concession Stand at VTHS - \$150.00**  
These signs will measure approximately 16 x 20 and will be constructed from a durable, coated, corrugated plastic to weather the elements.
