

Hi!

Dear Students and Families,

My name is Mrs. Demsak and I am so excited to be teaching the specials classes at Walnut Ridge this upcoming school year. I look forward to a year filled with learning while having fun during our specials classes!

For the past 9 years, I have taught preschool through young adults in Special Education, computers and S.T.E.M. classes. I earned my B.A. in Art History from Rutgers University, and my M.A. in Special Education from NJCU. I live with my husband Nick and our children Máire (7), Caolán (4), Áine (2), and Éabha (7 months), and our dog and cat. In my spare time, I like to hike, read and cook!

This school year I will be teaching your children the following special areas: Computers, S.T.E.M. (Science, Technology, Engineering, and Math), Art and Library. I am very excited for these classes as they expand upon the Tools of the Mind Curricula your children experience in their classrooms here at the Walnut Ridge School.

There is so much to look forward to this year, and I encourage you to contact me with any questions or concerns you may have. I am most easily reached by email mdemsak@vtsd.com.

I can't wait to meet everyone and start the school year!

Mrs. Demsak
