October 26, 2020

Dear Parents/Guardians,

The purpose of this correspondence is to remind our families about the travel restrictions that Governor Murphy has in place for the State of New Jersey. Since they are subject to change, please review them [here](#).

In the coming days, a survey is being sent to families to ascertain what your travel plans or visitation plans are for upcoming school holidays. This is being done for planning purposes for our district. As you know, the numbers of positive COVID-19 cases have increased both in New Jersey and in Sussex County in recent weeks. I believe that we are only as healthy as our community and that the best ways to mitigate the spread of COVID is to be vigilant in our practices of physical distancing, mask wearing, and hand washing. If you are planning on traveling during the upcoming holiday season or plan on hosting family or friends, please consider doing it safely and following the travel restrictions set forth by our Governor and /or any other necessary self-quarantine actions.

Finally, I would like to thank you for your patience and understanding as we navigate through a very difficult time in our school district and community. I recognize that parents are working tirelessly at home to support their children's learning needs in lieu of a traditional school schedule. I realize you are juggling work as well and know that is not an easy feat. We appreciate your hard work and dedication to your children and our students and families. Continue to be safe.

Sincerely,

***Karen D'Avino***

Karen D'Avino  
Superintendent of Schools
