February 2022

Dear Parents/Guardians,

Our district teaches math using the **Math in Focus** series which is based on the concept that teaching math is a three-step process- from concrete, to pictorial, and then abstract. In addition, this program emphasizes the importance of problem-solving. We are inviting all kindergarten and first-grade parents, guardians, and children to come and participate in activities utilizing this approach on Tuesday, March 1, 2022, from 6:00 – 7:00 pm at Cedar Mountain Primary School with a snow date of Thursday, March 3, 2022.

The format of the evening will consist of a brief parent information session at the beginning of the evening followed by parents accompanying their children to a designated classroom to do math activities. The Vernon Township Education Association is sponsoring this event from a generous grant received from the NJEA. If you would like to join us for the **Family Math Night**, please fill out the bottom of this sheet and return it to your child’s teacher.

Let’s work together to foster a positive educational experience. We hope to see you on Tuesday, March 1, 2022, for an enjoyable and informational session!

Sincerely,

Mrs. Rosemary Gebhardt, Principal
Mr. Russell Rogers, Director of Math & Science
Mrs. Lois Battista, Math Interventionist

Please return this part to your child’s teacher by February 25, 2022

Student Name _____ will attend **Family Math Night**.
