

Cedar Mountain Primary School School and Community Association's

POUNDS OF PENNIES CHALLENGE

Starting: Monday, April 11, 2022

Ending: Friday, April 29, 2022

Each classroom will be collecting “pennies” (money of any denomination - paper/coins) to help raise money for the CM SCA. Money raised by the SCA is used for programs, events and special treats for our students.

The winning class in each grade level will get to choose the picture that will be on the “Fun Day” t-shirts for their grade level, as well as choose the color t-shirts their class would like to wear. The class will also be treated to a pizza party!

Here is how it works - each time a student brings in change (paper/coins) it will be added to his or her classroom bucket. At the end of the challenge, the class that collected the most change in each grade level will win!

Worried you don't have enough pennies???
Don't be - ALL change counts!!
