

Weather-Related Changes

If there is a delay or closure due to weather, parents will be notified via phone, text, and/or email. Please keep your contact information updated in the Genesis Parent Portal to ensure you receive the alerts. Delays and closures will also be posted on the VTSD website.

If you attend Sussex Tech or Sussex Charter and would like to be informed of delays and closures, please email the transportation department to be added to the alert list.

In case of a delay, buses will arrive 2 hours after your normal pick up time.

In in wet or icy conditions:

- please allow extra time to get to your bus stop
- dress appropriately for the weather
- stand away from where the bus stops
- use the handrail when boarding or exiting the bus to prevent slipping
- do not play in snow piles at the bus stop
- wear bright or reflective clothing so you are more detectable in times of reduced visibility
