May 4th, 2023

Dear Parents/Guardians & Staff,

As you know, Walnut Ridge has been working on remediation of the PFOS contamination of our Walnut Ridge building water system. Please note access to drinking fountains will continue to be unavailable, and we will continue to have bottled water available for anyone in the building. Please see the [linked notice here](#) regarding this matter.

Sincerely,

Vincent A. Gagliostro  
Director of Curriculum & Instruction  
Principal of Walnut Ridge
